CEO Henry Osbourne has only ever desired one womanâ€™the one who got away. New York Times and #1 ebook bestselling author Alexa Riley returns with Donâ€™t Go , a virgin-hero insta-love contemporary romance in the For You series

Iâ€™ve spent the past ten years convincing myself that what I felt for her was teenage infatuation. That love so consuming couldnâ€™t be real. Then everything went to shit, and in an instant, she was gone.

Kory Summers knew returning to New York meant running into Henry. The way her heartbeat picked up at just the thought was nervousnessâ€™not anticipation. Oh, no. She never expected to find him on her doorstep looking as handsome as ever.

Sheâ€™s mine. She always has been. Iâ€™ve waited this long for herâ€but timeâ€™s up. Iâ€™ll use all my power, all my connections, to convince her sheâ€™s the one.

Kory ran from a boy, but a man of power and persuasion now stands in his place.
